### CERTIFICATION

Indiana Board of Pharmacy Pharmacist License #26015538A	July 1985
--	-----------

### PROFESSIONAL EXPERIENCE

I have a diverse pharmaceutical skill set. My experience is in retail pharmacy, compounding pharmacy, hospital pharmacy, and long-term-care pharmacy. My exposure in retail and compounding pharmacy includes management skills, extemporaneous compounding, patient counseling, and community involvement. The

hospital experience includes areas of expertise in IV admixtures, chemotherapy preparation, TPN preparation, pharmacokinetics dosing, management skills and in-service/presentations. These work experiences has helped me develop my skills in communication with patients and other healthcare professionals. I am able to conduct public presentations and speak when asked to groups about compounding and bio-identical hormone replacement therapy.
